FOR IMMEDIATE RELEASE

KEY WEST EXPANDS CANADIAN WIDE NETWORK

Key West subsidiary Times Telecom adds 11 additional cities to its current 5 cities covering all the major metropolitan areas of Canada

Richmond, British Columbia, Canada – August 31, 2005 – Key West Global Telecommunications Berhad wholly owned subsidiary, Times Telecom Inc. (Times) has completed deployment of its Canadian wide network adding an additional 11 cities including Whistler, Abbotsford, Kelowna, Winnipeg, Hamilton, London, Ottawa, Kitchener, Montreal, Quebec city, Halifax for a total of 16 cities which includes its original 5 cities namely, Vancouver, Victoria, Calgary, Edmonton, and Toronto. Times offer international telephone-to-telephone and pc-to-phone long distance services using Internet Protocol (IP) with a variety of services in addition to its traditional switched based network.

Times has begun offering its customers international telephone-to-telephone follow by pc-to-phone and broadband phone long distance services using Internet Protocol (IP) with a variety of services and various fixed monthly pricing plans. The services are designed to meet the long distance needs of both residential and business customers. Times long distance service also includes conventional low cost international long distance.

With its network expansion, Times plans to begin offering in the new cities service within xx Whistler, Abbotsford, Kelowna, Winnipeg, Hamilton, London, Ottawa, Kitchener, Montreal, Quebec city, Halifax. In addition to long distance, Times will include other services such as phone lines and personal phone numbers using broadband phones, chain calling, voicemail, international roaming, call home (reversed charges), follow me number, unified messaging, and Times Mailbox. Subscribers may sign up for the Times Telecom service via the World Wide Web. Customers will have access to on line conveniences for billing, call detail records, 24x7 technical supports via the World Wide Web. *"Regardless of how our customers wish to sign up, we will ensure that they are able to begin using their service within 72 hours. Because our network is global, Times will be well positioned to pass on savings to our customers as well as conveniences not offered by other Telcos,"* said Andrew Lee, Sales and Marketing Manager for Times.

Through continual investment and development of its privately owned IP telephone network, Times customers will appreciate among the lowest cost state of the art telephony services offered in Canada. *"The convergence of voice and data networks has increased the demand for telephony and next-generation data networks including the Internet,"* added Terry Bahar, Executive Vice President, "Times will be building and rolling out the largest global Voice over Internet Protocol (VoIP) network in the next two years to meet these demands and to drive down operation and transmission costs."

Through continual investment and development of its privately owned IP telephone network as well as proprietary technologies, Times customers will appreciate among the lowest cost state of the art telephony services offered.

Times Telecom Inc., is a long distance carrier of international voice and fax long distance services. To date Times Telecom has established 5 POPs (Points of Presence) within Canada and 2 POPs within Australia. Times utilizes traditional and packet-switching technology to send voice, fax, and text services into data packets and routes them over a virtual private network. Times Telecom Inc., a wholly owned subsidiary of Keywest Global Telecommunications Bhd., is a privately held British Columbia corporation with offices in Canada and Australia. Visit Times Telecom on the Web at www.timestelecom.ca.

This press release contains forward-looking statements relating to future operating information and their impact on future results. Actual results could differ materially from those projected in forward-looking statements as a result of risk factors such as market conditions, product life cycles, customer delays in purchasing products, competition, price sensitivity and the uncertain market acceptance of the Times's products by distributors, retailer and customers.
