JEFFREY GOH JOINS KEY WEST GLOBAL TELECOMMUNICATIONS BERHAD

KeyWest adds Group Executive Vice-President

Kuala Lumpur, Malaysia – September 16, 2005 – Group President of Key West Global Telecommunications Berhad (KeyWest), Alan Yong, is pleased to announce that **Jeffrey Goh Siong Seng** has joined KeyWest as Group Executive Vice-President September 2005. A graduate in Economics & Finance from Australia with an Accounting qualification, Mr. Goh also holds a Post-Graduate Diploma in Business Systems from Monash University, and an MBA from the prestigious Melbourne Business School of the University of Melbourne.

"Jeffrey Goh is an important addition to KeyWest's proven management team, bringing to KeyWest a wealth of international experience and shall play an integral role in mapping the strategic directions of KeyWest," said Yong.

Prior to joining KeyWest, Goh spent five years as the Regional Director with Primus Telecommunications, Inc. - a NASDAQ-listed, Fortune 1000 company, driving overall business development activities, and was responsible for the remarkable growth of their wholesale carrier business and bilateral relationships in Asia, contributing significantly towards the global revenue objectives of the company.

Upon graduation in 1992, he spent his early years with a Hong Kong public-listed conglomerate to grow and expand their trading business in mainland China, working with principals from Japan, South Korea, the UK, Germany, Italy and Denmark. Goh returned to Malaysia in 1997, and was part of the founding team of Orbit Telecommunications Sdn Bhd. and pioneered the wholesale business in the deregulating telecommunications sector in Malaysia, collaborating with various tier-1 and emerging carriers worldwide. He subsequently joined a Canadian-based Voice-over Internet Protocol carrier – NorthVoice Communications Inc., and was responsible for spearheading new initiatives, and expanding carrier relationships in the Asia Pacific region.

Key West Global Telecommunications Berhad is a long-distance carrier's carrier of international voice and fax long distance services. To date, KeyWest has established 29 POPs (Points of Presence) within Asia and North America. KeyWest utilises traditional and packet-switching technology to send voice, fax and text services into data packets and routes them over a virtual private network. KeyWest is a publicly-traded corporation listed on the MESDAQ Market of Bursa Malaysia Securities Berhad with offices in Canada, the USA, Hong Kong, Australia and Brunei.
